

## Legal Information

Legal information for the utilization of the internet offer of Contelos Engineering GmbH

**The utilization of our internet offer is subject to the following terms and conditions that you comply with by accessing the homepage:**

### **Copy right:**

These web sites serve to distribute information about Contelos Engineering GmbH, its performance and its products. All texts, pictures, graphs and the whole layout, as well as the graphic design of these web sites are copyrighted material.

The content may not be copied, distributed or changed for commercial reasons. Downloads and print outs of texts, pictures and graphic elements may only be used for private purposes and are prohibited for commercial usage.

Copying graphs, pictures, audio or video files and texts in other electronical or printed publications is only permitted after a written consent.

### **Disclaimer of information:**

The contents of the web sites only serve for general information. Even though all information is checked for correctness and completeness it may contain mistakes and imprecision. Concerning the correctness, integrity and actuality of its web sites Contelos Engineering GmbH does not assume liability for material or ideal loss if they arise due to the usage of wrong or incomplete information from these web sites.

Contelos Engineering GmbH reserves its right to change, amend or to delete parts of the web sites or the whole internet offer without prior notice.

### **Disclaimer of links:**

The decision of the county court from May 12, 1998 stated that the owner of a web site also has to answer for the contents of a linked web site. This can only be prevented by an explicit dissociation of its content.

We have linked other web sites on our homepage. For all links the following statement can be applied to:

We assert that we do not have any influence on the content of the linked web sites. Therefore, we explicitly dissociate from all contents of all linked web sites. This applies to all links and their contents on our web sites.
